PROFESSIONAL SUMMARY

Recent B.E. graduate in Artificial Intelligence & Machine Learning with academic project exposure in AI, machine learning, NLP, computer vision, data analysis, and Python-based development. Familiar with foundational IT tools including Python, SQL, HTML/CSS, Power BI, Excel, Jupyter Notebook, Git and GitHub. Currently learning Generative AI and Agentic AI. Seeking an entry-level IT opportunity to learn, contribute, and build practical technical skills.

TECHNICAL SKILLS

- **AI:** Artificial Intelligence, AI Fundamentals
- **ML & Data:** Machine Learning Fundamentals, Data Analysis
- **Generative & Agentic AI:** Generative AI Basics, Agentic AI Basics (Currently Learning)
- **NLP & Deep Learning:** NLP Basics, Deep Learning Fundamentals, Multilingual Text-to-Speech
- **Computer Vision:** Object Detection Basics, Image Processing Basics, Image Recognition
- **Programming:** Python, C
- **Web & Database:** HTML, CSS, SQL
- **Data & Tools:** Pandas, NumPy, Power BI, Excel, Jupyter Notebook, Google Colab
- **Version Control:** Git, GitHub
- **Soft Skills:** Problem Solving, Communication, Quick Learning, Teamwork, Time Management

PROJECTS

Blind Assist – AI-Based Application for Visually Impaired

- Currency recognition, obstacle detection, bus number/route recognition, and text-to-speech voice guidance.

Multilingual Text-to-Speech System with Context-Aware Information Display

- Multilingual TTS with keyword extraction and context-aware information retrieval/display.

Crime Data Analysis – Women Safety Measures

- Crime-data analysis to identify trends, unsafe regions, and high-risk areas using visualization and basic ML.

Team Task Manager

- Team-based academic project focused on organizing and managing tasks.

EDUCATION

- **B.E. – Artificial Intelligence & Machine Learning** | Sri Krishna Institute of Technology, Bangalore | 2022–2026
- **PUC / 12th** | Hoysala PU College | 65% | State Board
- **SSLC / 10th** | New Century School | 79.89% | State Board

TRAINING & CERTIFICATIONS

- **SAP Code Unnati – Advance Course in Emerging Technologies:** AI & ML, Deep Learning, Edge Computing, SAP Analytics Cloud, SAP ABAP on BTP.
- **SAP Code Unnati Innovation Marathon 2025–26:** Participated and presented a project.
- **Explore Machine Learning using Python** – Infosys Springboard.
- **Ethical Hacking Workshop (2025)** – Cybersecurity tools and basic penetration testing exposure.
- **EF SET English Certificate:** C1 Advanced, 68/100.

ADDITIONAL EXPERIENCE / OPPORTUNITY

- **Instawork – QA Intern Opportunity:** QA internship opportunity related to software testing and quality-assurance exposure.
- **Mind Matrix – Web App Development using Generative AI:** Training/exposure in web application development using Generative AI.

LANGUAGES & CAREER PREFERENCES

- **English** • **Kannada** • **Hindi**
- **Fresher** • **Immediate Joiner** • **Open to IT/Tech roles** across software, QA, support, analyst, data, and AI/ML domains.
- **Relocation:** Willing to relocate anywhere in India or internationally.
